DELTA13 SEC

CLÚSTER DRON ESPAÑA

Connecting Spain’s drone industry.

A meeting point for companies, pilots, researchers, customers, investors and institutions. Connecting people, knowledge and opportunities to grow Spain’s drone economy.

AN OPEN INITIATIVE

The proposal combines a directory, sector news, professional meetings, business opportunities and practical resources. It welcomes regional associations and international partners connected to the Spanish market.

Initiative in development · Working name

No formal recognition, confirmed partners or guaranteed outcomes are claimed.

THREE SEGMENTS. ONE ECOSYSTEM.

01 / DRONES

Manufacturers, pilots and operators; software, sensors, data and training. Connections with customers, integrators and development partners.

02 / CORPORATIONS

Companies and bodies needing solutions. Agriculture, energy, construction and infrastructure: real challenges that can create projects.

03 / SPONSORS

Investors, insurers, advisers and supporting organisations. Participation in programmes and activities with agreed visibility and clearly identified sponsorship.

PARTNERSHIP BENEFITS

- Visibility for capabilities, services and projects.
- Relationships with customers, suppliers and research partners.
- Access to knowledge, meetings and relevant opportunities.
- A place to share challenges and propose initiatives.

HOW TO PARTICIPATE

1. Describe your organisation, work and interests. 2. Apply to join. 3. Confirm the plan, fees and terms before committing. Proposed categories: professional, company, institutional/research and supporting partner.

Membership does not guarantee contracts or funding and does not constitute regulatory approval, certification or institutional endorsement. Proposed benefits are subject to confirmation.
